3. General Information regarding Payments

3.1 Business Days

A business day is any day on which the payment service providers involved in the execution of a payment transaction maintain the business operations necessary for the execution of payment transactions.

The bank maintains the business operations necessary for the execution of payments as follows:

All working days, except:

- Saturdays
- The public holidays defined in Target 2: New Year, Good Friday, Easter Monday, May 1st and December 25th and 26th
- 31 December
- Working days on which the Bank is closed due to local peculiarities and these days have been announced in good time in advance

3.2 Cut-off Times and Value Dating

The listed cut-off times for outgoing payments are applicable for payments initiated via stated channels. All cut-off times quoted in Central European Time (CET).

Cut-off times via GCA and SWIFT M101 should be considered as a "soft" best effort cut-off time.

The value dates given in this list are applied on the condition that the payment order has been received by the Bank by the respective currency's cutoff time and that the payment order can be processed straight through (STP). Other payments will be executed on best effort.

For outgoing payments credit value date is the date when the funds are available to the receiving bank. The receipt of the payment to the beneficiary depends on the practice in each country and bank.

The cut-off times below might change from time to time.
